

Show deleted users

ARTICLE

Delete a user?

Please note that users can currently only be deleted by Fleetboard Logistics Support. To delete existing users, please open a ticket via the Fleetboard Logistics Service Desk at support.habbl.com or send an email to support@habbl.com.

The deleted users are automatically hidden by a filter in the habbl portal. To show these again you only have to remove this filter. You can find the filter within the user administration directly below the search bar.

The screenshot shows the 'Search User' interface in the habbl portal. The left sidebar contains navigation options: My profile, Company profile, FTP account, Linkages, Device versions, User (selected), and Privacy-Contract. The main area has a search bar with 'SEARCH' and 'ADD USER' buttons. Below the search bar, the 'FILTER RESULTS BY' section shows 'HIDE DELETED?: Yes' selected, with a 'RESET FILTER' button. The table on the right displays the following data:

NAME	E-MAIL	TYPE	STATE
Training 1	training@fleetboard-logistics.com	User	Active
Training 2	training2@fleetboard-logistics.com	User	Active
User Fleetboard Logistics	user@fleetboard-logistics.com	User	Active

This screenshot is identical to the previous one, but with a red circle around the 'HIDE DELETED?: Yes' filter and a mouse cursor pointing to it, indicating the action to be taken.

- To show deleted users, you must remove the automatically set filter. You can do this by either clicking on the orange filter (screenshot above) or the text "RESET FILTER" (screenshot below).

This screenshot is identical to the previous ones, but with a red circle around the 'RESET FILTER' button and a mouse cursor pointing to it, indicating the action to be taken.

- The deleted users are then displayed in the list on the right again and have the status "Deleted" while your still active users have the status "Active".

The screenshot shows the 'Search User' interface. On the left, there is a sidebar with 'START' and 'PRIVACY' sections. The 'START' section includes 'My profile', 'Company profile', 'FTP account', 'Linkages', and 'Device versions'. The 'PRIVACY' section includes 'Privacy-Contract'. The main area contains a search bar, a 'SEARCH' button, and an 'ADD USER' button. Below the search bar, there is a 'FILTER RESULTS BY' section with a dropdown menu labeled 'HIDE DELETED? (1)' and a 'RESET FILTER' button. The main content is a table with columns: NAME, E-MAIL, TYPE, and STATE. The table contains the following data:

NAME	E-MAIL	TYPE	STATE
Benutzer 1 Schulung	benutzer1.schulung@eikona.de	User	Deleted
Training 1	training@fleetboard-logistics.com	User	Active
Training 2	training2@fleetboard-logistics.com	User	Active
User Fleetboard Logistics	user@fleetboard-logistics.com	User	Deleted
User Fleetboard Logistics	user@fleetboard-logistics.com	User	Active

- You can reactivate the filter by clicking on the field "HIDE DELETED?" and select the dropdown item "Yes".

The screenshot shows the 'Search User' interface with the 'HIDE DELETED? (1)' dropdown menu open. The dropdown menu has a 'Yes' option selected. The table of users is the same as in the previous screenshot, but the 'User Fleetboard Logistics' row with 'Deleted' state is no longer highlighted.

NAME	E-MAIL	TYPE	STATE
Benutzer 1 Schulung	benutzer1.schulung@eikona.de	User	Deleted
Training 1	training@fleetboard-logistics.com	User	Active
Training 2	training2@fleetboard-logistics.com	User	Active
User Fleetboard Logistics	user@fleetboard-logistics.com	User	Deleted
User Fleetboard Logistics	user@fleetboard-logistics.com	User	Active
